

EXPECT RAPID PROGRESS ON STREET WORK

Scheduled To Complete Asphalt Laying on Oak-St Today; Start Patching

Provided unfavorable weather conditions do not interfere, it is expected that rapid progress will be made during the next few weeks with street improvement work that is scheduled for completion here before the close of the year.

The H. P. Streicher Co., Toledo, plans to finish laying asphalt on the N. Oak-St today and will then proceed with the patching of several thoroughfares for which a contract was awarded recently. Before moving its plant the Streicher Co. will also lay a section of asphalt surface on the Harding Memorial Road, south of the city.

It was reported last week that there is also possibility that the section of S. Prospect at paving from McKinley park to the corporation line, which has been in use in a partially completed state during the last two years, might be surfaced with asphalt by the Streicher Co. Nothing definite has been accomplished in negotiations for this work, however. Whether the work will be done depends upon action by the county commissioners, the original plan having been for the county to pay part of the cost of the improvement, local officials say. The concrete base was installed two years ago and the street has been open to traffic since that time.

Brick Arrive
First shipments of brick for the paving of E. Church-st between Howard and Kensington-pl have been received and surfacing that thoroughfare is expected to start next week. The foundation for all of this paving has been completed, the contractors being in the midst of the concrete work.

HERE'S MORE ABOUT MARION LODGE STARTS ON PAGE 1

HERE'S MORE ABOUT MARION LODGE STARTS ON PAGE 1

Charles Sanford S. Penney, and Oliver R. Stone.
The first meeting of record was held Sept. 19, 1930, in the meeting place being the auditor's office in the old Marion County Courthouse.

A few years later meeting place was changed to the Barrington hotel, N. Main-st. Under Hall, W. Center-st, was next used for lodge rooms.

New Temple
The first Masonic Temple of this city was dedicated June 14, 1873, being located in the Masonic Block, E. Center-st. On May 10, 1877, the Temple was destroyed by fire.

The Masonic Temple was rebuilt and again dedicated on June 24, 1878, and meetings were held in that place until 1903, when the present Temple, corner Main and Church-sts, was dedicated. The present Temple cost \$10,000, and was dedicated June 30, 1903.

Oldest Past Master
The oldest living past Master of Marion Lodge, No. 70, since its establishment 85 years ago, is James Andrew Knapp. Mr. Knapp served as Worshipful Master 1882-1885 and has been secretary for 41 consecutive years.

Among the prominent members of the local lodge was the late President Warren G. Harding.

JAMES RITTER HELD
James Ritter was arrested on W. Center-st about 1:30 Tuesday afternoon on a charge of intoxication. He was placed in the city prison to await hearing before Mayor Hazen.

OUTLINE PLANS FOR CAMPAIGN AT G. O. P. MEET

Committee Chairmen and Secretaries of Eighth District Gather at Hotel Harding

Republican campaign activities in the Eighth Congressional District were tentatively outlined and a schedule of addresses drawn up at a special meeting of the chairmen and secretaries of the Republican committee from the various counties in the district at Hotel Harding last night.

Mayon, Morrow, Crawford, Wanda, Hardin and Hancock Counties, comprising the district, were all represented.

Fred W. Warner, this city, chairman of the Republican State Central Committee, was among those in attendance.

Mayor J. Cooper, Cincinnati, Republican gubernatorial nominee, will speak Oct. 12 at Findlay and Oct. 18 at Kenton.

United States Senator Frank B. Willis will speak at Findlay, Oct. 15. Mrs. Here, Cleveland, will deliver address at Findlay Oct. 20; Kenton, Oct. 21; Upper Sandusky and Marion, Oct. 22. Her address at a noon luncheon and the address here will be given at night.

Plans were also discussed for a district republican rally to be held in Marion next week. Chairman Warner is in charge of arrangements for this meeting.

OHIOAN ENDS LIFE
Detroit, Oct. 6.—Howard H. Monroe, 50, of the Clifton Auto Sales Co., of Circleville, O., shot himself to death today at the Wolverine hotel here.

"YOUR HOME'S ON FIRE" SENDS FAN SCURRYING

Whereupon Frank Waffel Makes Home Run; Central Firemen Score

While Frank Waffel, 210 Carhart-st, was standing in the crowd in front of the Star office Tuesday afternoon intensely interested in the operation of the board which was recording plays of the World Series ball game, he was startled by hearing the announcement that his home was on fire.

A telephone message to the Star requested that the announcement be made so that it might reach Waffel in case he happened to be in the crowd.

Waffel hastened to his home, where he found that firemen had arrived and extinguished the flames before extensive damage had resulted.

The fire started from an unknown source in the attic of the Waffel home, where clothing and furniture had been stored. Firemen from Department No. 1 were summoned and extinguished the blaze by using chemicals. The damage was estimated at \$75.

It is believed that the spontaneous combustion was the possible cause of the blaze.

HERE'S MORE ABOUT KRESGE BLOCK STARTS ON PAGE 1

understood that it will be a three-story structure, with the basement and first floor and possibly the second floor used for the new Kresge store.

The new building will measure 30 by 132 feet and will be provided with a basement covering the entire space.

The Kresge Co. also has a lease on the Freedland building adjoining the new store's site on the east, but this is not included in the building plan. It is reported that the company is endeavoring to obtain a lease on the Gregory building, located east of the Freedland block and that should these negotiations be consummated, it will finally mean another new structure giving the Kresge Co. a frontage of approximately 80 feet on Center-st.

Change Plans
Original plan of the chain store company was to remodel the Barlow building but this project was abandoned when architects decided that it would be more profitable to remove the present structure completely. Agreement on the new building plan was reached about two weeks ago in a conference held here between Mr. Barlow and Harold Holmes of Detroit, head of the Kresge architectural department.

Definite plans for the building will be drawn up in Detroit at once and contractors invited to submit bids. Mr. Ramsdell will return to Marion the latter part of October and supervise the letting of the contract.

MOSIER INFANT DIES AFTER BRIEF ILLNESS

Betty Jane Mosier, four-year-old daughter of Mr. and Mrs. Frank Mosier, died of complications of diseases at 5 o'clock last night at her home, 421 Park-blvd. The child died following an illness of two and one-half months.

The child was born in Mt. Gilead, July 21, 1922, coming to Marion with her family three weeks ago.

She is survived by her parents, seven sisters, Mildred, Beatrice, Frances, Louise, Thelma, Mary and Janet and four brothers, William, Clyde, Woodrow and Charles, all at home.

Funeral services will be held at the home, 421 Park-blvd., at 2 o'clock tomorrow afternoon, Dr. J. D. Darling, pastor of Wesley M. E. Church officiating. Burial will be made in the River Cliff cemetery at Mt. Gilead.

BIRTHS
A son was born this morning to Mr. and Mrs. Edward McWilliams, Wood-town.

BROADWAY'S LIGHTS
New York's Great White Way, the Broadway theater district, uses enough electric power in its signs to provide for all needs of a city of 10,000 population. These signs, flashing intermittently or standing in great banks of light, throw 25,000,000 candle power into the street, with a nightly current consumption of 17,500 kilowatt hours.

THREE MEN CHARGED WITH INTOXICATION PAY FINES
Three men arrested on intoxication charges paid fines totalling \$57 in the court of Mayor Hazen, Tuesday, and were released. They were Roy Freeman, Harry S. Williams and Harry D. Goudenhauer, each fined \$20. Williams and Goudenhauer had each served a day in the county jail, however, and were allowed \$1.50 for this imprisonment, paying the balance of \$18.50 due on their fines.

THREE MARION MEN GO TO LIMA REALTY MEET

W. T. Jones, R. T. Lewis and J. W. Jacoby Attending State Convention

W. T. Jones, R. T. Lewis and J. W. Jacoby, local realtors, left this afternoon for Lima, where they will attend the annual convention of the Ohio Association of Real Estate Boards. Mr. Jacoby is president of the association and will close this year's administration with the final convention address Friday afternoon.

Mr. Lewis and Mr. Jones are planning to take part in a golf tournament in which real estate dealers from all parts of the state will be entered.

J. K. SCHWINGER TO GO TO DANCE DEMONSTRATION

J. K. Schwinger, N. Prospect-st, will leave Sunday for Detroit, where Monday he will be a guest at a demonstration of new and old-fashioned dances given for the pleasure of Henry Ford at the Dearborn Country Club near Detroit. Luncheon will be served. Mr. Schwinger will later go to Cleveland and Buffalo, where he will attend a number of openings.

CARD OF THANKS
We wish to express our sincere thanks to the friends and neighbors who were so kind at the death of my husband, T. H. Allen and sing to the regulars who so kindly served dinner to all relatives and close friends. Also those who sent flowers and furnished machines.

Mrs. Frank Hindman and children. 11p

HERE'S MORE ABOUT WILD ST. LOUIS STARTS ON PAGE 1

to it. Automobiles trailed tin cans behind them and girls beat dish pans with hammers and men pulled solitary sausages along the sidewalks on strings, calling them "Fido."

And humorists of both sexes shot you straight through your pulsating heart with pistols that were loaded with blank cartridges—though you never could be sure they were blank afterward. There was also pretense of a horrible contrivance known as a swatter. A swatter when held in the hand looks like a rolled up newspaper but when applied with force to the human frame it hurts like mad.

Your correspondent can speak with authority and eloquence on the subject of swatters. In the process of walking from a taxi cab across a sidewalk to the Statler hotel, she was for no reason at all that she can think of, swatted unmercifully and most impolitely and with such vigor that today she is eating off the mantel piece.

About four in the morning things began to quiet down. People went to their homes or their hotels—if they had them. All the hotels are as crowded as Noah's Ark must have been. The one where I'm staying is so full that a dozen men are sleeping on cots in the basement Turkish bath and shaving at the brink of the swimming pool.

Everybody went to bed and slept a little, everybody that is, except the street cleaners and the thousands of fans who waited in line all night for the bleacher seat ticket window to open. But nobody overslept.

At half past one o'clock yesterday afternoon, when the strains of the "Star Spangled Banner" rolled out of 50 brass horns over Sportsman Park, every one who had a right to be there was there doing his or her bit toward forming one of the most colorful crowds it has ever been my privilege to see at a sporting event and one of the noisiest. The uproar of voices, hands, feet, little paper megaphones, cow bells and whistles abated only on the rare occasion when a Yank accidentally got on base and during the 15-minute rainy intermission. The rest of the time you couldn't hear yourself think. When the Cardinals in the new vanilla and cherry uniforms took the field, there was bedlam when the first New York batsman was out at first, there was hullabaloo when Hornsby came up, there was pandemonium and when in due course of time, four runs were made by the Cardinals against no runs at all for the Yanks—but never mind. I have only a few good words meaning "noise" left over, and something tells me I'd better save those for tomorrow.

MRS. L. H. COLE IN CITY HOSPITAL AFTER ACCIDENT

Sustains Dislocated Hip, Scalp Wounds When Yard Engine Hits Auto

CONDITION SERIOUS

Marion Hinklin and Clyde Ashworth Injured When Their Autos Collide

One woman is in City Hospital and two men are recovering from minor injuries, the result of two automobile accidents last night and early today.

Mrs. Lewis H. Cole, 205 N. 2nd, the most seriously injured, sustained a dislocated hip, deep scalp wounds, numerous minor cuts and bruises, at 11 o'clock last night, when the Overland touring car which she was driving, was struck by a Big Four engine at the W. Center-st crossing.

The two men, Marion Hinklin, Walnut-st, and Clyde Ashworth, N. State-st, escaped with minor bruises at 9 o'clock, this morning, when the machines which they were driving collided on the Prospect-pk. five miles south of this city.

The three cars figuring in the accidents were occupied by the drivers only. Returning from yards.

Mrs. Cole was returning from the Erie yards after taking her husband a car worker on the night shift, to work, when the accident in which she was injured occurred.

The yard engine, moving slowly, crashed into the machine, carrying it with its driver a distance of 100 feet south of the crossing before it could be stopped.

Speedy Criminal Justice Imperative, Says Marshall

Ordering Dockets Cleared

Judges Will Be Given Help If Needed, He Says; Directs Attention to Apparent Lack of Fear of Law and Punishment

Columbus, Oct. 7.—Declaring that "speedy criminal justice has become imperative" because of the "unbearably frequent" crimes committed, Chief Justice C. T. Marshall, of the Ohio Supreme Court here today issued a proclamation to the common pleas judges throughout the state urging them to take prompt measures to clear court dockets of untried felony cases as soon as possible.

He announced that, if the services of additional judicial officers are required in any county to speed up disposition of these cases, he will assign judges from other counties to help clear the docket.

Chief Justice Marshall directed the attention of the judges to "horrible crimes of murder, robbery, burglary and personal assaults upon men and women which have become undecipherably frequent throughout the country."

HECTOR S. YOUNG NAMED ON OHIO BAR COMMITTEE

Marion Attorney Selected To Serve on Executive Board of State Organization

Hector S. Young, member of the Marion law firm of Mouser, Young & Mouser, is named as a member of the executive committee of the Ohio Bar Association in a list of the appointments announced today by Walter A. Ryan, of Cincinnati, president of the association.

This committee will have charge of an unusually important program during the ensuing year, according to Mr. Ryan's statement in connection with his announcement of the appointments.

"We have a very pleasant program to submit to the next legislature," he states. "This includes of reconciliation of the laws of Ohio relative to business corporations."

LOS ANGELES TO FLY TO FORD'S DEARBORN FIELD

Washington, Oct. 7.—The navy dirigible Los Angeles today was ordered to fly to Detroit Oct. 11 to test the Ford mooring mast at Dearborn.

It will mark the first time since the Shenandoah crash in Ohio that a mammoth rigid airship has crossed the Alleghenies.

CLEVELAND MAN HEADS REALTORS' CONVENTION

Cincinnati Chosen as Site for 1927 Convention at Lima Meet

Lima, Oct. 7.—Max Rudolph, of Cleveland, will be the new president and Cincinnati the site of the 1927 convention of Ohio Association of Real Estate Boards, it was decided here today at the 17th annual meeting.

And, He Came All the Way from Springfield Just to See Babe and He Did; And, This Ragged Tot Scares Away Ruth's Batting Jinx

BY KATHARINE BRUSH
ST. LOUIS, Oct. 7.—The little boy, name was Jimmy, and was just nine years old or four feet high. He lived in Springfield, Ill., and because he was not a very rich little boy he sold newspapers for a living.

And sometimes, when business was not as good as it might have been, he opened one of the newspapers—very carefully, so as not to make it look second-hand. He opened it at the sporting page.

He read about Babe, who had never laid his aces-truck eyes, became his hero. Pictures of Babe, cut from newspapers and baseball magazines, littered the bare white plaster walls of the little boy's dingy room. In fact, the little boy had never visited, in far off cities he had never visited.

He read about their victories, and defeats, about their hopes and their heroes. He read about Babe Ruth.

Day after day he read about Babe Ruth, stories of triumphs and of glory, column after column of stories under such headings as "Sultan of Swat Scores Forty-Second Homer of Season" or "New York Pines Fought on Ruth."

And in time the great Babe, upon whom the little boy had never laid his aces-truck eyes, became his hero. Pictures of Babe, cut from newspapers and baseball magazines, littered the bare white plaster walls of the little boy's dingy room. In fact, the little boy had never visited, in far off cities he had never visited.

He could tell you the home run king's batting average, the number of homers to date, all about his diamond activities of the previous day. And he would tell you these things, on the slightest provocation, and with a little proprietary air, as though Babe in some way or other belonged to him.

Then one day he knew—he had been suspecting it for weeks, along with the sporting writers who were his founts of wisdom—that the "Big Bambino" would play in St. Louis in three world series games against the Cardinals and he said to himself very suddenly and positively, not knowing at all how he was going to fulfill the prophecy, but knowing that somehow he would, I will be there.

And he's here! He got here yesterday morning. A hundred and ten miles it is from Springfield to St. Louis, and he traveled for two days. Part of the time he walked. Part of the time he rode in state in the automobiles of kind passers-by, stopping them with his pointing finger—the small grimy finger that pointed always toward St. Louis.

He found the Hotel Buckingham, where the Yankees are stopping, and he asked for Babe, just like that, "I want to see Babe."

The room clerk looked at him. Shabby he was, and dirty with long journey and hobnob-ered from weariness—and so little, so very little that the room clerk had to lean down in order to hear what he said. When he had heard it he straightened up, and looked at the little boy again. Up and down.

And he answered, "Mr. Ruth is probably asleep just now. It's rather early."

And let it go at that. The little boy sat down in a big red velvet chair behind a palm. At first he waited wide-eyed, watching elevators. Then he was not so wide-eyed. And presently his fanned-out hand nodded and his blue eyes closed and he slept.

When he awoke the lobby that he had taken out. He went to the bench to have the injured hand dress-

Sherdel, Pennock Named To Start Important Tilt

ST. LOUIS, Mo., Oct. 7.—The New York Yankees today took the lead over the St. Louis Cardinals in their battle for the world's baseball championship, when they defeated the Cards in the fifth game. The series now stands: New York, 3; St. Louis, 2. The next game will be played in New York Saturday.

BY DAVIS J. WALSH

SPORTSMAN'S PARK, St. Louis, Oct. 7.—Somewhat chastened by the melancholy events of yesterday, but vocally undefeated and unchallenged, St. Louis this afternoon sent more than 37,000 of its best open-faced citizens to the fifth game of the world series, prepared to shout the Cardinals into a decision over the New York Yankees.

Pennock and Ruether both batted in turn, but the latter was thought to be preparing for duty as a pinch hitter. Meanwhile, the Yankees continued their long range barrage, Meusel arching a pair into the distant

stands in left center field and Carlyle, a substitute, smashing several into the street beyond the right field fence.

The Cards got a big hand when they raced out for fielding practice, Billy Meusel arching a pair into the distant

SCHICK TESTS IN SCHOOLS TO OPEN NEXT WEEK

Consent Blanks Will Be Sent to All Parents Before Campaign Starts

First steps in preparation for administering the Schick test for immunization of children against diphtheria will be taken in the Marion schools next week by the Board of Health under the

direction of Dr. W. J. Weaver, city health commissioner. Announcement that consent blanks will be distributed to parents of all school pupils early in the week, was made by Dr. Weaver Wednesday at the monthly meeting of the board. The test is administered only to children whose parents sign the consent blanks. Last year approximately 2,500 school pupils were immunized following the test and all of these will be examined again to ascertain whether the treatment is still effective. Tests will be given to any other pupils whose parents sign the consent blanks.

Making the tests and administering the immunization treatment will probably require several months' work by Dr. Weaver and State Health Department physicians who are expected to assist him, according to the experience of last year, when the undertaking was not completed until about Feb. 1.

The Schick test and the immuniza-

tion treatment when follows are proved to be an absolute preventative for diphtheria, health authorities here and throughout the entire country say. The work is being done in schools in a few years of time and cities and the time is near at hand when it will be in effect in every locality, officials assert.

One case of diphtheria was reported to Dr. Weaver during September, he informed the City Board of Health at its meeting Wednesday, and the patient is a high school pupil who refused to take the Schick test last year.

FIRE TOPICS DISCUSSED BY SCIENCE CLASSES

Central Junior High School Department Rearranges Schedule To Observe Week

Science classes of the Central Junior High School are observing Fire Prevention Week with special attention directed to the study of fire and its causes and methods of prevention. A number of rules of caution are learned such as the necessity of having slate or fireproof roof, stone, brick or concrete walls; not being nearer another building than 25 feet; the use of metal ash cans; gas connections of metal pipe not of rubber; the use of safety matches; no stove pipes through the wall or floor; metal or asbestos mat under stoves extending 10 inches in front; caution in use of gasoline no oily rags or rubbish allowed to collect; no celluloid articles in the house and the necessity of a fire extinguisher, of being within a fourth of a mile of a fire engine house, a hydrant within 300 feet of the house or a fire alarm box within 500 feet, if no telephone in near.

Science classes are in charge of Misses Pauline Knapp and Bessie Sanders.

\$200,000 DAMAGE DONE BY FIRE IN CHICAGO

White Sewing Machine Co. Partially Destroyed; Spectacular Battle

Cleveland, Oct. 7.—Fire of undetermined origin, which broke out early today in the factory of the White Sewing Machine Co. here, caused damage estimated at \$200,000 before it was brought under control after a spectacular battle by firemen.

A three alarm call sent all downtown apparatus to the scene where the flames virtually wrecked two upper stories of a six story structure housing the veneering and machine shop departments.

Two large sulphur tanks in the glue department spread noxious gases which greatly handicapped the firemen. Two fire tugs steamed into Cuyahoga River opposite the factory and aided in battling the flames.

Spices for canning. Schmidt & Co. Drug Store.—Adv.

What clothes to wear, how to get along with neighbors, how to operate and guard the family budget, and how to make housework a pleasure are among the questions to be discussed in a new course for brides and girls-about-to-be-married, announced by the College of Practical Arts and Letters of Boston University.

Losses to Ohio Farmers by Rain May Reach Millions

POTATOES, CORN AND GRAPES ARE SUFFERING MOST

New Flood Stage Reached by Illinois River at Beardstown

Losses to farmers in the millions of dollars are being caused in Ohio by the excessive rains and low temperatures. Reports are pouring in from all parts of the state that the future of the crop seems hopeless, according to reports from farmers. This is some of the worst harvest for many years, but the late season has been so dry that the crops are already harvested and the loss is being covered because of unusually high prices.

NEW FLOOD STAGE REACHED BY RAIN

Beardstown, Ill., Oct. 7.—A new flood stage was set here today when the Illinois River reached a stage of 28 feet, six inches higher than the crest of the devastating flood of 1922. Other county roads are also clear of the water which covered many highways in this vicinity yesterday.

Water is still standing in many Marion County fields as a result of the continued rainfall of the last few days.

CHARGES HUSBAND WITH INFIDELITY IN PETITION

Mrs. Roxie Whysall Seeks Separation from Herbert C. Whysall in Court

Charging her husband with infidelity, and neglect, Mrs. Roxie Whysall, 149 Chicago av., today filed suit in Common Pleas Court for a divorce from Herbert C. Whysall. The couple were married Dec. 20, 1908, and have two children.

Mrs. Whysall asserts that her husband left their home July 27, 1932, and since that time has failed to provide for her.

A few months ago, Herbert Whysall filed for a divorce from his wife on charges of cruelty and neglect. The case was dismissed a few weeks ago.

According to the divorce petition, Probate Court has awarded the custody of the oldest daughter, Caroline, 15, to the grandparents, while the other child, Margaret, 13, is living with her mother.

Man Released

Ellis E. Emmons of Springfield, arrested yesterday on charges of passing a \$10 check with insufficient funds on A. H. Marks of Marion, was today released when he arranged settlement of the check. He was arraigned in Justice M. O. Stoll's court.

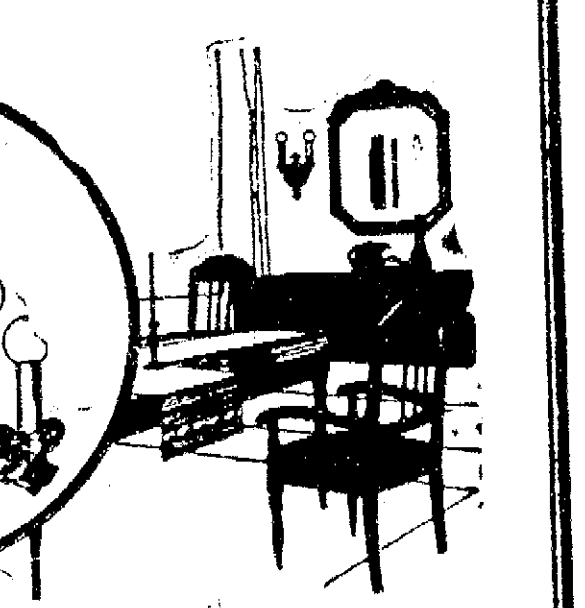

PROSPECT-PK OPENED AS RIVER WATERS RECEDE

The Prospect-pk was again open to traffic today after being closed yesterday when the section south of Newmar's crossing was submerged by water from an overflow of the Scioto River.

Other county roads are also clear of the water which covered many highways in this vicinity yesterday.

Water is still standing in many Marion County fields as a result of the continued rainfall of the last few days.

HERE'S MORE ABOUT BABE RUTH

STARTS ON PAGE 1

had been almost deserted as he entered was full of chattering, hurrying men and women, visible to him through the lattice of his sheltering palm. They were ball players and ball players' wives, and officials and newspapermen. But to Jimmie they weren't anybody at all except just people. Background. For he had spotted the great Babe among them.

Not more than two seconds after that, Mr. George Herman Ruth of New York City felt a little nudging hand at his elbow, and he turned around and saw a little frightened boy. He heard a little mumbled story. This little story I'm telling you.

Not more than ten minutes after that a breakfast party for two began at one side of the table. There sat George Herman Ruth of New York City, at the other side with his hands washed and tow-head slicked and his small face simply radiant, sat Jimmie of Springfield, Ill., devouring scrambled eggs and bacon and milk. He said coffee. But Babe recommended milk.

Jimmy will probably never drink coffee again.

After breakfast George Herman Ruth sat Jimmy down in the red plush chair again and left him awhile. And when he came back he had a grandstand ticket to the game in his hand.

Yesterday afternoon Jimmy sat in grandstand, with a voluminous overcoat belonging to Babe tucked around his shoulders, because his own overcoat was rather skimpy and none too warm. He saw the Babe make three home runs into the right field bleachers—a feat never before achieved by any one man in a world series game. He saw him come to bat five times, to the tune of wildest cheering, and make a batting average of 1000 for the game. And he was probably the happiest and the most grateful little boy in all the world.

And Babe, who did all those things—after four world series games in which he has done absolutely nothing at all—perhaps he is a little grateful, too. Something has taken his Jim away. Maybe it was Jimmy from Springfield, Ill. Who knows?

EXPECT LARGE CROWD AT TRI-COUNTY FARM MEET

Hardin and Wyandot County Men Will Join Local Members Here

W. H. Unapher, F. A. Davidson, F. J. Lust and V. C. Cope, were last night chosen to represent Marion County Farm Bureau at the tri-county meeting of the farm bureau associations of Hardin, Wyandot and Marion Counties, at 6:30 tonight, in the Harding Hotel. A large attendance is expected.

Committees of four from each county will meet at the Harding Hotel to discuss topics pertaining to the interests of the farmers in their vicinity.

M. D. Lincoln, secretary of the Ohio Farm Bureau Association, will address the meeting, as will J. R. Allgayer, director of field service of the association.

Several important and special matters are to be presented for discussion at the meeting.

The four Marion County delegates to the gathering were chosen last night when the executive committee of the Marion County Farm Bureau met in the office of Secretary Roland Leeper, Mill-st.

During the meeting, Miss Maurine Mayfield of Prospect, was officially chosen as representative of the Marion County Farm Bureau.

SUDDEN DEATH COMES TO THOMAS F. HURLEY

Prominent Contractor Stricken with Apoplexy at Home on Windsor-St

Thomas F. Hurley, 60, died suddenly at 10:15 o'clock last night at his home, 361 Windsor-st. He was ill of apoplexy only three minutes preceding his death.

He was born in Lansing, Mich., Aug. 15, 1866, the son of Mr. and Mrs. James Hurley, his father being a native of Ireland and his mother of Michigan. He was married Nov. 25, 1889 at Big Rapids, Mich., to Mary Leggett. He had made his home in Marion for 25 years, during which time he was in business as a general contractor. He was proprietor of the Millard Hunt Coal Co., when that company was known as the Price & Hurley Coal & Building Supply Co.

Surviving are his widow, three daughters, Mrs. Floyd Peters of Meeker, and Misses Mary and Katherine at home, two sons, Thomas L. Hurley, 368 Haney-av., and Robert H. Hurley, 406 Mary-st., two grandchildren, Virginia Louise Hurley, 406 Mary-st. and Charles Ray Peters of Meeker.

Funeral services are in charge of R. P. O. Ellis, No. 32, of which Mr. Hurley was a member. The services will be held at the home, 361 Windsor-st., at 2:30 o'clock Saturday afternoon with Rev. L. Frederic Jones, pastor of St. Paul's Episcopal Church, officiating. Burial will be made in Marion Cemetery.

KENMORE-AN WOMAN IS CLAIMED BY DEATH

Mrs. Florence Peterson Succumbs After Two Years' Illness

Mrs. Florence Dossie Baseler Peterson, 53, died at 10:30 o'clock last night at her home, 220 Kenmore-av., following two years' illness of lung trouble.

Mrs. Peterson was born Sept. 28, 1859, in Waldo Township, the daughter of Mary Zike and Edward Baseler, both lifelong residents of Marion County. She was married to Emerson Peterson of Big Island Township, June 9, 1912. She was a member of the Emanuel Lutheran Church.

Surviving are her mother, Mrs. Mary Baseler, two daughters, Ruth and Margaret, and one son, Charles, all at home, 220 Kenmore-av. Her father and husband preceded her in death. Mr. Peterson having died Aug. 10, 1922. Two sisters, Mrs. Stella Rueschmied, Route 1, and Mrs. Clara Goerlich, 208 Kenmore-av., and three brothers, Albert Baseler of Meeker, Pa., William Baseler of Plymouth, Ind., and Rev. Merton L. Baseler of New York City also survive.

Funeral services will be held at the home, 220 Kenmore-av., at 1 o'clock and at the Emanuel Lutheran Church at 2 o'clock, Saturday afternoon. Rev. J. W. Schilling, pastor of Emanuel Lutheran Church, will officiate. Burial will be made in Marion Cemetery.

CRITICALLY ILL

Mrs. H. E. Groll is critically ill at her home in Waldo.

MANY MARION WELLS NOT FIT FOR USE, CLAIM

Commissioner Weiser Says Three Cases of Typhoid Are Traced to Impure Water

That many wells from which Marion residents obtain water for household use are breeding places of disease germs was disclosed in a report submitted by Dr. W. J. Weiser, city health commissioner, at the monthly meeting of the Board of Health held Wednesday afternoon in the office of Mayor Earl Hazen.

Four cases of typhoid fever developed in the city during September. Dr. Weiser announced and three of them were traced directly to contaminated wells. A fourth case, which displays symptoms of typhoid but which has not been definitely diagnosed as that ailment, is also believed to be a result of impure water. All of the patients, who are still under the care of physicians, live on York and Clinton sts. Unemployment which is not included among those traced to well water resulted from flies carrying germs into the house, Dr. Weiser believes.

Fever Cases

That the fever cases were caused by use of impure water is indicated as a result of Dr. Weiser having sent samples from the wells to the State Department of Health and receipt of reports that analysis showed the samples to be "unsatisfactory."

Following the board meeting, Dr. Weiser informed a Star representative that tests of about 20 wells in different sections of the city during the last two months have disclosed that the water in all of them was contaminated and a menace to health.

Surface water seeping into the wells, which are all of the drilled type and supposed to be safe, is assigned as the chief cause of contamination. In most instances the wells have been in use for many years and are not properly covered and protected.

No City Water

Many of the wells are located on streets where no city water lines have been laid, and as a consequence provide the only source of supply. Following Dr. Weiser's report, Sanitary Inspector Charles M. Tobin informed the board that legislation for extending city water service on several of the streets is now pending before council and that when these lines are installed many of the danger spots will be eliminated.

In connection with his report on the September typhoid cases, Dr. Weiser made an interesting statement comparing present conditions with those of former years, before modern safeguards and precautions against disease were perfected by health authorities. Up until about 10 years ago, the health commissioner states, it was not uncommon for practically every physician in Marion to have from eight to ten typhoid fever patients under his care. This would mean a total of more than 100 cases in the city at this season of the year.

Discovery and use of immunization treatment, combined with improved sanitary conditions and elimination of wells like those causing the trouble during September, have steadily reduced typhoid in the community to the extent that during a large part of the year there are no cases and the total existing at any one time rarely exceeds the number now under supervision of authorities.

BRINGING UP CHILDREN

MY sisters, my sister-in-law and myself all have families, and for years we have all given our children Dr. Caldwell's Syrup Pepsin. We have recommended it hundreds of times and think it just wonderful, not only to bring up children but for ourselves. At the slightest sign of stomach trouble, colds, constipation and when out of sorts, a dose or two is all they need. Truly, it is a family medicine and the stich in time that saves nine." (Name and address sent on request.)

Constipation, Colds, Coughs, Fevers and Other Perils of Childhood

One dose and mother's anxiety is lifted. The sickest stomach craves the taste of Syrup Pepsin. From infancy to old age the result is certain. Droopy, listless, feverish children respond as if to magic. Headache, stomachache, biliousness, coated tongue, constipation—these are the daily perils for which a host of mothers say Dr. Caldwell's Syrup Pepsin is the safeguard. Sold and recommended by all druggists.

For a free trial bottle send name and address to Peppermint Syrup Company, Monticello, Illinois.

BIRTHS

Word was received by friends here today of the birth of a son to Mr. and Mrs. C. G. Porterfield of Cardington, Monday. Mr. and Mrs. Porterfield formerly resided here.

A son was born last night to Mr. and Mrs. B. T. Miller of northeast of Waldo according to announcement made today.

Announcement was made today of the birth of a son to Mr. and Mrs. Carl McGuire, 821 Treva-av., yesterday afternoon.

MARION BOY SUSTAINS BROKEN ARM IN FALL

Robert Moore, eight-year-old son of Mr. and Mrs. L. E. Moore, Dixon, sustained a broken left arm near the wrist when he fell from a trapeze swing while playing at the Greenwood Street School Building yesterday afternoon. The boy is a pupil of the Third Grade at the building.

Retail Merchants' Secretary Accepts Position with National Association

Guy H. Hulse, 40, for seven years secretary of the Marion Retail Merchants' Bureau and manager of the Marion Credit Rating Co. since its incorporation in 1922, will leave Marion Nov. 1, to become national field secretary of the Service Exchange Division of the Retail Credit Men's National Association.

Directors of the two organizations with which Mr. Hulse is affiliated, will meet this week to act on his resignation.

"MAN OF MYSTERY" LEAVES CITY HOSPITAL

Chas. Rubenstein, Supposed War Veteran, Goes to Fairmont, W. Va.

Charles Rubenstein, "man of mystery" who was under the care of physicians at the City Hospital for more than a week after being found in a semi-conscious condition on Oak-st. last Wednesday, was released from the hospital Wednesday and left for Fairmont, W. Va. Rubenstein, who claims that he served in the Italian Army during the World War and who has four bullet wounds as apparent proof of his story, said that he has friends in Fairmont and was formerly a patient in the Miners' Hospital there. His ticket to Fairmont was purchased from Marion's traffic code which has been under consideration for several weeks.

Marion's Smallest Industrial Plant is Rubber Stamp Works, 4 1-2 by 5 1-2 Feet

MARION'S smallest industrial plant has been opened at the rear of the Reed Bros. shoe-shining stand next to the C. D. & M. station on N. State-st.

It measures four and a half by five and a half feet and houses the rubber stamp factory of James and Paul Reed, brothers who reside at 122 DeWolf-st. It is Marion's only rubber stamp plant and the two youthful owners are anticipating a busy time supplying customers in Marion and surrounding territory.

The manager and chief operator is James Reed, 17, a student in Harding High school, who will continue his shoe-shining business at the stand adjoining the rubber stamp works. His brother and part owner of the business, Paul, is attending Kentucky University, taking a course in business administration.

VOCATIONAL DEPARTMENT TO HAVE NIGHT CLASSES

School Will Open Friday Night Under Direction of Coordinator Rieker

Harding High School will now have a night school for students of the vocational department. The first class will be held tomorrow night at 7 o'clock. Courses in mechanical drawing and blue print reading will be in charge of R. A. Todd, while machine shop practice will be under the direction of C. H. Rensch and L. F. Rieker.

Classes will be held from 7 to 9 P. M. every Monday and Wednesday for a period of ten weeks, at a \$2.00 tuition. The enrollment for the mechanical drawing and blue print course is limited to 30 while 20 is the limited number of machine shop students.

MARY BAKER AGAIN ENGAGED

RUTH INSPIRES YANKS AS THEY SPEED ONWARD

Pennock and Herbert Expected To Work; Babe Makes Records

By DAVIS J. WALSH

St. Louis, Mo., Oct. 7.—Hitting being a cumulative proposition, not unlike the downhill roll of a snowball or failure to wash behind the ears, the New York Yankees stepped into the light of day this morning to a strangely if not an ominously quiet town and found themselves with a lot of overnight friends for the fifth game of the world series with the St. Louis Cardinals.

The Yanks didn't hit the size of a wedding ring finger through the first three games.

But, as far as that went, it was possible that Johnstown was short of water before the flood.

Anyhow, the Yankees, having given a splendid exhibition of the bat manual of arms so dear to the hearts of the average seaport major, were carried with the tide that rushed along behind the inspired progress of Babe Ruth yesterday and today the boys thought so well of their chances that they wouldn't lay one dollar against ninety-nine cents that the Yankees would finish where everyone had assigned them only 24 hours before.

Pennock and Herbert
For today's game, in fact, they ruled a 6 to 5 favorite, largely because the pious Mr. Pennock was due to labor in the vineyard of the Yanks. Herbert left-handed the Cardinals wonderfully in the first game of the series, so the boys can't see anything else but that he must and will repeat. The boys get that way only after long and tedious experience, only after long and tedious experience.

It is all so very elementary, Dempsey beat Willard at Toledo therefore he couldn't lose to Tunny at Philadelphia seven years later.

Pennock, in consequence, was esteemed over Bill Sherdel, the man he bested in the premiere of the series. Otherwise everything was a level as a ballroom floor. The Yanks won the first game, the Cards took the second and third and the Yanks won the fourth by a large majority.

St. Louis Quits Down
It was this latter circumstance that brought the natives down on their flat feet and caused them to desert from making the night hideous with sound. They still had confidence in their club but it was that quiet confidence, usually attributed to the capable young man who starts blithely at the bottom of the ladder and climbs rapidly to the head of the beautiful ladder. Anyhow, it was quiet, proving that there is justice in this world, after all.

What really made the Yanks a hot lot so suddenly was the fact that Mr. Ruth suddenly became the fearsome hitter that popular impression had seen fit to make him. His performance yesterday established this fact, even if he never hits another foul.

Records by Ruth
Among the records he established, in the estimation of our most irritatingly correct statisticians, were these: The first man to hit three home runs in one game of a world series; the first man to hit two homers on two pitched balls; the first man to score four runs in one world series game; the first man to hit seven home runs as a world series life time record. Scored the most total bases and extra bases in one game scored a life time world series record; the first man to tie the home run record for an entire series by his performance in one game.

The game not only established Mr. Ruth as a man who hits a baseball with frequency and some vehemence, but completely eliminated Messrs. Ruth, Herber, Hallahan and Herman Bell from further consideration as pitchers in this series. Sherdel, a commendable loser in the first game, was an almost inevitable choice today.

Alexander, having pitched one of the greatest world series games on record, was due when the teams journeyed to New York for Saturday's game and the final game. If any on Sunday, was expected to bring Jess Haines, another winner, back to the races.

In other words, the Cards didn't look the part of a bad bet, in spite of the

KENTON STAR IS LEADING CARDS

St. Louis, Oct. 7.—Billy Southworth, batting at the shortstop position of 350 leads the world's series hitters today.

He is the leading hitter of the Yankees with a mark of 355, which is 135 points better than Hornsby's average.

The Cardinals lead the Yanks in team batting, 276 to 242.

HEART--OF-OHIO CHAMPIONSHIP GAME SUNDAY

Marysville Goes to Prospect; May Tie Richmond Leaders

The Heart of Ohio Baseball League will close Sunday when Marysville plays at Prospect.

At present Richmond is leading the league with 15 victories and 5 defeats. Their schedule is finished while Prospect, with one game to play and that with Marysville, is in second place.

With a victory over Marysville Sunday the schedule will be complete and Richmond and Prospect tied for first honors. This will necessitate an extra series between the two clubs to decide the pennant winner.

Prospect's defeat at the hands of Richmond two weeks ago gave the Union County boys the edge and placed Richmond in first place by one-half game.

Game Starts at 2 O'clock
Prospect will be out to beat Marysville Sunday. Game will start at 2 o'clock.

Bryant will hurl for Prospect with Johnson receiving. Hollycross and Warden will be the battery for Marysville.

fact that they lost by an overwhelming majority yesterday. The Yanks, in fact, had one winner, Pennock, and two losers, Shocker and Reuther, to muster for their first dash to the wire, although it was thought possible that Bob Shawkey might slip his collar in time to join the general hilarity in New York.

Card Hurlers Have Edge
But however one cared to figure it, the Cards still had an edge in pitching. But be that as it might, St. Louis couldn't shake itself loose this morning from the somewhat depressing aftermath of yesterday's game. It didn't blow horns in the lobbies and the ears of unsuspecting strangers; it didn't race over the surrounding terrain in 60-mile-an-hour motor cars with dispatches trundling to the rear; its factory engineers didn't go frantically home and leave the whistle at half cock and no one saw fit to rush into the night shrieking strange words at all who cared to listen or at those who couldn't help it.

In brief, St. Louis was just like any other American town that had suffered a shock. But another victory today will start the boys circle running immediately and without further notice. That seems to be a local tendency.

CARROLL'S NEW FIELD
Cleveland—John Carroll University will play its 1920 home games at the new Luna Park Stadium, a huge saucer now under construction at the Cleveland Panther professional club. Last season both professional and college players used Luna Field, home of the Cleveland baseball team, but President E. S. Barnard has refused to allow games there this year on account of the damage to the outfield. The new park is situated at the junction of three car lines and has a seating capacity of 40,000.

MOVING CLASH AT UNIVERSITY
Cleveland, Oct. 7.—Ralph Sapp, candidate for an end position on John Carroll University's football team, made a trip from Cleveland to his home in Iowa this summer at a cost of little more than eleven dollars. The journey was made by motorcycle and required two days.

LAST NIGHT'S FIGHTS
Dayton, Ky.—Frankie Williams, Cincinnati, bested Tommy Ryan, Toledo, in 10-round headliner.

YANKEES DASH HOPES OF CARDS WITH SLUGFEST

All Kinds of Ball Witnessed in Fourth Series Game

By DAVIS J. WALSH

St. Louis, Oct. 7.—When Ruth went to left field after hitting his third home run, he gestured toward the bleachers as an indication of where his next hit was going. He was calling his shots. In other words, he was playing home run or no count.

Ruth's slow ball that Ruth waited into the centerfield stands was a large laugh. The ball wasn't exactly slow. It was tedious.

Well, anyhow, the Cards found out who was not going to pitch during the next three games.

Ruth played absolutely no favorites. His first homer off them was hit on a curve inside. His second off the same pitcher came on a slow ball or whatever it was. The third, off Herman Bell was off a fast ball.

Incidentally his first cleared the right field wall, right on the foul line. His second cleared the stands in right center and his third fell in the bleachers in dead centerfield.

Hoyt gained the easiest decision in the record of world series play. He pitched a bad ball game and won a perfectly good victory.

Funny what a difference a few hours can make. It was no trick at all to sleep in St. Louis last night.

At that, a lot of the boys have been guilty of wise cracks about Sportsman's Park. No fans could have been fairer to a visiting club than the local addicts have been to the Yankees. They were absolutely sold on Ruth after he hit his second homer and after he hit his third, the park was his.

Koenig apparently is a shortstop who can go far to his right and not at all to his left. He gets everything in back of third base and misses everything around second.

If the Yanks win, and even the most biased observers are willing to grant now that this chance is by no means over-emphasized, they will be the most unbalanced club that ever won a world's title. They have a shortstop who kicked them far and from a very difficult angle and a centerfielder who couldn't throw a man out from the pitcher's box.

Combs had a chance to throw a man out on a sacrifice fly to the immediate rear of the infield and made a very accurate throw to first base.

The Yanks run the bases like the headless horseman of Ichabod Crane's fond fancy. Otherwise they would be scoring yet.

A playing manager cannot think and play ball at the same time. When the Yanks finally were in front so far that all hope had fled, John McGraw remarked: "If I were Rogers, I would rest O'Farrell now." But the man who had caught more than 145 games this season remained in the lineup to the end.

The second guessers, in fact, enjoyed an excellent afternoon. Many of them felt that Hornsby had erred in removing them at such an early moment, particularly with Hoyt going so badly. A second guesser will be wrong one of these days and they'll simply have to close up all the haberdasheries.

CHICAGO TEAMS ARE TIED AGAIN

Chicago, Oct. 7.—Deadlocked with three victories each, Chicago's two major league baseball clubs prepared today for the deciding battle of the city series this afternoon at Cubs Park.

The Nationals were able to stay in the race by virtue of their victory yesterday at Comiskey Park. With the championship almost within their grasp, the White Sox were set down in the sixth game of the series, 4 to 1.

Percy Lee Jones managed to out-pitch a trio of American League hurlers.

Business Women Can Roll Ball

Hamner, Sautter and Blum Win in First Round

Business Woman's Club Bowling League matches were won last night by Hamner, Sautter and Blum entries.

Hamner's team had margins of 30 and 40 points respectively in their games with Fetter's five. High scorer was Adams, 144.

Second Game
Bathenger's quintet finished 100 and 41 points behind Sautter and her five. High scorer was Captain Sautter, 124, in second game.

Third Game
Blums won from Slagles by 32 and 71 pins in the first and second games, respectively. High scorer, Slagle 145.

First Game

SHOVEL, GASMEN TAKE BIG START IN INDUSTRIALS

Lumbermen and Expressmen Each Drop Three Slow Games

Marion's Steam Shovel and the Logan Gasmen made a good start in the Y. M. C. A. Industrial Bowling League last night by taking all three of their games from the Marion County Lumberjacks and American Expressmen, respectively.

Excavating deeper and deeper each game, the shovelers buried the Lumbermen 112, 114 and 22 points, each game which gave the former a margin of 248 pins in the grand totals.

Mangans made a double century mark in his third game for the shovelers and Lees was high scorer for the Shovelers.

Second Game
The Express boys were unable to handle the gasers and as a result lost the match by a total of 248 points in the grand totals. The Gasmen won by margins of 102, 62 and 82 points.

Anthony's 178 in his first game for the Gas boys was high. Weir was a close second with a total of 177 in his second game for the same team.

GATE RECEIPTS SET NEW RECORD

Members of Winning Team Will Receive \$6,254.65 or More

St. Louis, Oct. 7.—The division of the world series pool of \$372,300 for the players, will set another record, for which the 1926 series has become noted. Figures released here show today.

The winning team's players each will receive \$6,254.65 and the losing play-

ers \$3,126.75 on the basis of 25 divisions in each team.

The previous record in receipts for the first four games in which the players share was made in 1923 when the Yankees and Giants divided \$36,750.41.

Of the total players' share this year the Cincinnati Reds, Pittsburgh Pirates and Chicago Cubs will get their

respective share for finishing second, third and fourth in the National League race and Cleveland, Philadelphia and Washington in the American League.

L. Bell's stop that caught Ruth going the wrong way off third was aulu, either that or a Lillian.

THE WORLD'S FAVORITE SMOKE-WORDS "HAVE A CAMEL"

Did you ever notice that experienced smokers will offer or ask for a Camel—not just a cigarette? A little observation will reveal the overwhelming preference for Camels—a popularity that has never been equaled in all the history of smoking.

More smokers demand Camels, because Camel is unlike any other cigarette made.

Camel is as different as the rare quality of goodness. This difference costs millions to maintain. The choicest Turkish and Domestic tobaccos grown . . . the most skilful blending—that is Camels. More cannot be had at any price. When you light a Camel, you may be sure you are smoking the best.

When invited to have the world's favorite cigarette, accept with pleasure. It will be your personal introduction to the mildest, mellowest blend of choice tobaccos ever produced. "Have a Camel?"

Baseball Tournament

Lincoln Park, Sunday, October 10

3 BIG GAMES

Seven Innings Each.

Ashland, Crestline, Elyria and Marion

Each team will be "loaded" with big league players, a few of which are:

Wilbur Cooper, former Pittsburgh pitcher; Frank Emmer, Cincinnati, shortstop; Slick Cross, Louisville, first baseman; Bill Rose, Grand Rapids, pitcher; Ed. Wells, Detroit, pitcher; Curtis, New Orleans, pitcher, and quite a number from the best minor league teams.

FIRST GAME CALLED AT 1 P. M.
Bleachers 75c. Grand Stand \$1.00.

Start the day in a fresh VAN HEUSEN

A crisp, immaculate Van Heusen is most appropriate to a crisp October morning. It puts a man completely at his ease; it is completely comfortable because it needs no starch. It fits without a wrinkle or a fault because it's the only collar woven on a curve. 12 smart styles at 50c. each. PHILLIPS-JONES N. Y.

VAN HEUSEN
the World's Smartest Collar

Local Interest in Intercity Tournament Increases; Four Strong Teams Enter

Regular Request Manager Bacon Promises To Use Regular Championship Line-Up for Athletics, Although Other Teams Are Bringing Many Big League Stars

Interest in the intercity baseball tournament to be played at Lincoln Park Sunday afternoon seems to be high. Manager Francis Bacon announced that he was undecided as to whether he should strengthen his lineup for this series of games, he has been besieged by Marion fans with the request that he use the regular team against the professionals who will be brought here by the three teams competing with the Athletics.

Appearance in the sports department of the Star has also been kept before the fans' questions as to whether a professional team will be in the tournament. It is the consensus of opinion among those fans who have read the Star that Marion should be represented by the same team that won the season here, as that would be the best test of the caliber of the team. A victory in the tournament would be a claim put forth by the team of being the semi-professional champion of the state.

Only Best Teams Coming. Manager Marion's opponents in the tournament are coming "loaded." Several teams wanted to enter the tournament but the members of the baseball association of the Marion Athletic Association and Manager Bacon refused to accept any teams which could not give men who are now playing in organized ball. The three teams which were able to promise the strongest teams were the Blynn Richwines, the Ashland All-Stars and Crestline. These three teams will come here with the bulk of the players from the big leagues and the fast minor leagues who were in the vicinity of the three cities represented.

Altrock Invited, Too. No word has yet been received from Nick Altrock in reply to the offer made by Manager Bacon. The figure Nick asked for his appearance here was out of reason, and the counter offer made by Bacon was a handsome one. It is hoped that Nick will see his way clear to accept the offer. If he does, he will be used part of one game in the box and at first base.

DAYTON PLAYS JOHN CARROLL

Cleveland Team, with Two Impressive Victories, Favored To Win

Cleveland, O., Oct. 7.—A grimly determined John Carroll University football team is putting the finishing touches on a week of intensive training that should leave the Blue Streak gridirers in top-notch condition for the game with Dayton here Saturday afternoon. While local followers of the sport are calling attention to Dayton's impressive victories over Bowling Green and Konyon, as compared with Carroll's decisive defeat at the hands of Grove City, Mol Elward's warriors are saying nothing but are putting in long hours of practice at Hooper field. A surprise may await the Blue and Red eleven from the Flyers camp.

In the first place, Grove City's victory over Carroll was evidently a one-man accomplishment. Capt. Cribbs of the Groves scored all three touchdowns registered against Elward's crew. Add to this the fact that the game was played after a tedious trip, and a mushy field, handicapped the light Carroll backfield, and reason appears for the conclusion that Carroll's true ability cannot be judged by the result of the opening tilt.

ANOTHER GIANT STAR. McGraw thinks he has a coming star in young Ott, the 18-year-old lad who is playing so well in the Giant outfield. Ott started with the Giants as a reliever.

"HAIR-GROOM"

Keeps Hair Combed, Glossy
Well-Groomed all Day

"Hair-Groom" is a dignified, combining cream which costs only a few cents a jar at any drug store. Millions use it because it gives that natural, glossy and well-groomed effect to the hair—that final touch to good dress both in business and on social occasions. Even stubborn, unruly, shampooed hair stars combed all day in any style you like. "Hair-Groom" is greaseless; also helps grow the heavy, lustrous hair.—Adv.

THE MORE VALUE WE GIVE THE MORE TRADE WE GET

This Big-Volume, Spot Cash Store has won its immense patronage through value-giving — Not just low price, but the best in style and quality for considerably less than the ordinary store. We sell the best for less because we want our profit through volume — and never in any season have we more thoroughly demonstrated our value-giving power than RIGHT NOW.

Featuring a Truly Remarkable Value in Smart New

Topcoats

at
\$19.75

Just the coat for autumn-wear—for drizzly, rainy days, for frosty mornings and cool evenings.

Smart Topcoat Fabrics
New Colors and Patterns
Excellent Tailoring

This tremendous value is made possible by an advantageous contract made months ago. If bought in the regular way on today's market we would have to sell them at a considerably higher price.

Topcoats at \$24.50

Featuring the smartest styles and the newest patterns of the season.

Topcoats at \$27.50

Featuring the newest fancy Tweeds in full box models.

Here's a Value Hit from Hart Schaffner & Marx

\$32

Suits --- Overcoats --- Topcoats

Hunt where you will, make any test that you will, these clothes are peak values—only the great buying and production resources of Hart Schaffner & Marx could accomplish it. We've added our share to the saving by pricing them mighty close to cost.

The styles are all new and smart—the fabrics are all wool—the tailoring is excellent and there's an immense variety of new colors and patterns from which to choose.

The suits are single and double breasted models in the new greys, tans and blues, in all regular and extra sizes.

The Topcoats are the new loose box models in grey and brown Scotch diagonal weaves.

The overcoats are either straight hanging or slightly body tracing—in an excellent variety of new weaves and colorings featuring the fancy backs in blue mixtures and oxford overcoatings.

It's a Pleasure To Choose from
Our Immense Stock

You'll always find here a tremendous selection—and outstanding values in every price range.

JIM DUGAN

It's a Real Achievement!
We're Proud of These
Smartly Tailored

All Wool Suits

at

Deputy State Supervisor,
Marion County, Ohio.

NOTICE OF PUBLIC SALE.

In the Probate Court of Marion County, Ohio, at Marion, Ohio, on the 7th day of October, 1938.

S. A. WOLFFINGER, as Assignee for the Beneficiary of the Creditors of Samuel Schwabacher, Plaintiff.

Whereas it is hereby given that a proposition for additional taxes for school purposes for the year 1939, at a rate not exceeding 2 mills in addition to the maximum rate authorized by law, will be submitted to the voters of the Marion County School District at an election to be held on the 2nd day of November, 1938, at the usual polling places in said district, between the hours of 5:30 o'clock forenoon and 6:30 o'clock afternoon (Central Time) or between the hours of 5:30 o'clock forenoon and 6:30 o'clock afternoon (Eastern Time);

J. H. BARON,
Clerk of the Board of Education of the Marion County School District,
Deputy State Supervisor,
Marion County, Ohio.

SAY ORMISTON SEEN TODAY IN PASADENA, CAL.

Oil Station Operator Tells of Getting Glimpse of Aimee's Radio Man

Los Angeles, Oct. 7.—A man believed to be Kenneth G. Ormiston, fugitive co-defendant of Aimee Semple McPherson, was seen today in Pasadena in a blue coupe, according to information received at the district attorney's office.

An oil station operator reported seeing the man, whose car was of the same type as that driven by Ormiston in his mysterious trips up and down the coast during the disappearance of Mrs. McPherson and whose description was said to tally with characteristics of the former Angelus Temple radio man.

The oil station operator said the man stopped for gas and to get a drink. When he got out to look at his tires, he walked with a limp, the operator said. Ormiston is slightly lame.

The preliminary hearing of Mrs. McPherson, her mother, Mrs. Minnie Kennedy, and Mrs. Lorraine Wiseman-Sellaf, all charged with criminal conspiracy, was to be resumed today.

One Day Respite

While the militant evangelist was enjoying a respite from the rigors of the hearing yesterday because of a one-day recess, District Attorney Asa Keyes and his assistants were busy gathering new evidence with which to confound Mrs. McPherson.

INDUSTRIAL AND RAIL SHARES DROP ABRUPTLY

Caused by Professional Selling, Recovery of Orders and Forced Liquidation

New York, Oct. 7.—Under the combined weight of professional selling, uncovering of stop-loss orders and forced liquidation of speculative stocks in the margin accounts of outside traders, both the industrial and railroad shares declined abruptly today.

Following up the success they have already gained in forcing prices downward in the last week or so, the professional Bears increased their operations over a wide range today and many of the well known stocks broke from 2 to 8 points below Wednesday's closing levels. Some of the speculative favorites displayed a strong resistance but with United States steel declining 2 1/2 points and general motors nearly 7 points from their opening prices the Bulls were compelled to admit defeat for the time being at least. There were no important changes in either industrial or financial conditions.

LIBERTY BONDS

New York, Oct. 7.—Opening Liberty bonds: 3 1/2, 100-114; first 4 1/4, 101-23; second 4 1/4, 100-18; third 4 1/4, 101-3; fourth 4 1/4, 102-2; new 4 1/4, 107-20; new 4, 103-23.

Livestock

CHICAGO

Chicago, Oct. 7.—Hogs—Receipts, 21,000; market, steady; top, 14.10; bulk, 12.00 to 13.00; heavy weight, 12.80 to 14.00; medium weight, 13.40 to 14.10; light hogs, 12.00 to 13.50; packing hogs, 11.00 to 12.15; pigs 11.00 to 13.00.

Today in Marion Markets

Groceries, Produce, Meats, Grain, Livestock

The changeable farm price for eggs has Marion retailers and poultry houses guessing.

Farmers today were receiving from 35 to 42 cents for a dozen of eggs. Yesterday the lowest farm price in Marion was 37 cents. It failed to again appear this morning when that dealer hung out a sign naming 38 cents.

The retail price in Marion stores today ranged from 43 to 48 cents a dozen for eggs.

For the last few weeks egg prices have been steadily changing, first becoming a trifle higher and then descending the price scale.

Eggs Steady

For the last few weeks egg prices have been steadily increasing and it is predicted that they will continue to rise, as the cold weather sets in.

Butter today was selling at 45 cents a pound. No change was recorded in local markets.

Fruit markets continued to display a variety of produce at regular prices. Peaches as the main product today. The price remained steady at \$1.39 to \$2.00.

Pears, apples, plums and other fruit were also on display at regular prices. Vegetable counters were well filled with garden produce, head and leaf lettuce being the main attractions. Green lima beans were prominent.

Cabbage, lb. 3c, new.

Brussels sprouts, 45c qt.

BUD STILLMAN TO MARRY MAID, HE ANNOUNCES

Mother Approves Engagement of Son to Servant in Her Home

New York, Oct. 7.—James A. "Bud" Stillman, Jr., son of James A. and Anne U. Stillman, Princeton student is engaged to marry Miss Lena Wilson, 18-year-old daughter of a Scotch-Canadian wood cutter.

Princeton in June. Young Stillman, who is in his twenty-first year, announced the engagement from Princeton early today. He described his fiancée as blonde and beautiful. His announcement was made following news of the betrothal given out in Princeton by his mother, who is now staying at the Grand Anse Lodge. Bud said he expected his mother and Miss Wilson to come to New York some time before Nov. 15.

"Mother has already announced our engagement in Canada," Young Stillman said. "Lena, you know, works in my mother's home in Canada and it was there that I met her. She helps mother in a general way."

To Marry in Spring
"We plan to marry in the spring after my graduation. I don't know what the plans are after that. I met Lena in Canada when I first went up there seven years ago. She lives in the next house from mother's place. It is about three miles away. I spent this summer up there and saw Lena just before I came down from Canada."

Thus the son of the couple, whose marital difficulties were bitterly fought married soon after Bud graduated from Princeton in June.

through one of the bitterest and most sensational divorce trials in the history of American divorce courts summed up the story of his romance and the cases which figured so prominently in his parents' divorce trials.

The present match is said to have the whole-hearted approval of Mr. and Mrs. Stillman. Bud's mother, in an announcement to the press, referred to Miss Wilson as "my little woods daughter." The girl has long been a favorite of her future mother-in-law, who is now preparing her for her entry into New York society this winter.

Through the marriage, Miss Wilson will become related to the socially powerful families of William G. Rockefeller, Percy Rockefeller and Henry P. Jackson. Bud is a brother of Mrs. Henry P. Jackson. Davidson is a son of the late partner of J. P. Morgan.

DEATH TAKES SON OF MR. AND MRS. D. WHITE

The two-hour old son of Mr. and Mrs. Delmas White, 286 Chestnut-st., died at 10 o'clock last night at the home. Mr. White was formerly Miss Lillian Green and has made her home here all her life.

Funeral services will be held at 2 o'clock Friday morning at the Gundersen Funeral Home. Burial will be in Marion Cemetery.

SKINNY MEN THIS BEATS RECORD

He Gained 28 Pounds in 8 Weeks; Good Solid Healthy Flesh, Too.

In every town in America you can see skinny, scrawny men and women with deep hollows in cheeks, neck and chest who are more to be pitied than blamed.

Doctors, Chemists, Scientists all agree that Cod Liver Oil is full of flesh building, health improving, strength increasing vitamins. They also agree and the whole world agrees with them that it is about the most evil smelling and nasty tasting, nauseating stuff that human beings come in contact with—it upsets most stomachs.

But now all that is changed—Cod Liver Oil comes in tablet form, sugar coated and as easy to take as candy. Dr. J. E. Gray, Atlantic City, N. J., writes that he gained 28 pounds in 8 weeks and further writes, "I sleep, rest and eat and nothing bothers my nerves—I feel like a real man—thanks to McCoy's."

One woman, exceedingly thin, gained 10 pounds in 22 days; and don't forget that, being full of vitalizing vitamins, they do help feeble old folks who need a real tonic, and for thin, puny, underdeveloped children—they quickly bring health, strength and increased weight, 100 tablets for 60 cents. Insist on McCoy's—the original and genuine.—Adv.

TOBIN CLAIMS POOR SEWERS MENACE HEALTH

Sanitary Commissioner Calls Attention of Board to Inadequate Facilities

That Marion's inadequate sewer system is the cause of conditions which are menacing to the health of the community was indicated Wednesday afternoon by Charles M. Tobin, city sanitary inspector, in making his monthly report at the Board of Health meeting. Heavy rains during the last few weeks overtaxed sewers to the extent that outlets and pipes were clogged and refuse and stagnant water left standing on streets and properties in different sections of the city.

One citizen, according to Mr. Tobin's report, threatened to appeal to the State Board of Health unless conditions near his home were remedied. Local service department officials and employees were able to handle the situation satisfactorily, however, Mr. Tobin stated that much of the time of the service department force was taken up this month with clean-up work necessitated by heavy rains. "The local sewer system is said to be inadequate during periods of unusual rainfall like that of last month."

Reports Negotiations
The sanitary officer also made a report on negotiations which are in progress with a local business firm which owns nine dwellings on Oia and Owens-sts., and which was recently ordered by the Board of Health to install sanitary conveniences on the premises. "The time allowed by the board will expire Oct. 11," Mr. Tobin stated. Thus far no move has been made to install the improvements, he said. The owners, he said, had intimated that the dwellings might be abandoned and allowed to remain vacant rather than comply with the board's order.

Clinic Report
Dr. W. J. Weiser, health commissioner, and Miss Mary Catherine Hinklin, public health nurse for the local Red Cross, reported completion of the recent preschool clinic, in which 65 children were examined to ascertain the results of the clinic held in May. The examination showed that many of the children's defects have been remedied.

Dr. Weiser stated that Mrs. E. H. Morgan, president of the Marion Parent-Teachers' Association, has requested his cooperation in holding an all-school clinic at the Greenwood Street School building, the plan being to examine all of the 400 children enrolled there. The health commissioner expressed the opinion, however, that it would be impossible to proceed with the undertaking at this time because of other health promotion activities now under way in the schools.

Members of the board agreed that the health program should not be permitted to reach such proportions that it would interfere with the operation of the schools.

MIDWAY SPECIAL! We will have all kinds of fresh fish, cooked right for tomorrow's luncheon. Also our fried Spring Chicken will please you.—Adv. 1.

PLAN BLUE RIBBON DAY IN MARION CITY SCHOOLS

Event Will Feature Health Promotion Program for Students This Year

A "blue ribbon day," when children of the local schools who are practically without physical defects will be placed on the roll of honor and decorated with symbols of distinction, is planned as an outstanding feature of the health promotion program in the schools here this year.

Announcement that the plan is under consideration and will probably be definitely outlined soon was made at the meeting of the City Board of Health, Wednesday afternoon, by Miss Mary Catherine Hinklin, public health nurse of the local Red Cross Chapter. The plan proposed for Marion is similar to the one in effect at Mansfield, where "blue ribbon day" in May of last year was notable event, with Governor Donahay participating in an elaborate program which climaxed the year's health promotion work in the schools. It was regarded of such importance that extensive reports of the event were printed in newspapers throughout Ohio.

Mansfield Plan
In Mansfield it has been found that designating a special day for honoring the boys and girls who register physical perfection has greatly aided the efforts of health and school authorities to increase the health and efficiency of the youngsters. It has resulted in many pupils who might otherwise be indifferent in regard to their physical defects to strive earnestly toward remedying their condition and earn a place in the "blue ribbon class." The same interest has also been aroused among parents, who are naturally desirous of having their children classed with the top-notchers.

Miss Hinklin stated that she held a conference recently with Mrs. E. H. Morgan, president of the Marion Parent-Teachers' association, in regard to the project and that Mrs. Morgan is expected to urge her organization to get back of the plan.

Should the plan be consummated it is likely that "blue ribbon day" will be one of the outstanding features of the Marion schools' closing program during May.

Slightly Improved
The condition of Mrs. Alva Marshall of Crestline, who has been quite ill at the home of her parents, Mr. and Mrs. Joseph Sorey, Leader-st., is reported slightly improved today.

THIEF CAN'T GET BALL
Brooklyn, Oct. 7.—Professional bandmen turned their backs on Henry Wetzel, 46, accused of stealing pennies from a blind newspaper dealer. No one would go his bail of \$200 and he must stay in jail until his case is heard.

POLICE QUELL STRIKE RIOT
Boston, Oct. 7.—Police with riot guns yesterday dispersed 200 strikers after looting had been chronic during a disturbance at the plant of the Ray state lightening company in Hyde park. Two strikers were arrested.

"Advertising has progressed far through the use of electricity."

New York's First Sign

The first electric display in New York City, dedicated to advertising, has grown from a little sign with 200 lamps placed where the Flatiron Building now stands, which in 1895 heralded: "Manhattan Beach Swept by Ocean Breezes."

Ages 4 to 8 yrs.
\$4.95

FALL HATS for small boys

A new shipment. All colors, shapes and sizes. Cute styles.
\$1.45

"POSITIVE AGITATION"

Here it is: the greatest advance yet made in home cleaning science; a perfected principle embodied in

The GREATER HOOVER

It pays to know the difference between The HOOVER and a vacuum cleaner.

"POSITIVE AGITATION" is besting, reduced to scientific process by the patented Hoover Agitator. Do not fail to see this new cleaning principle demonstrated.

AS is the modern motor bus to the stagecoach—as is the electric bulb to the kerosene lamp—as is the radio to the first primitive telephone—so is the new Hoover, here announced for the first time, to any earlier method of home cleaning and rug care!

In many ways this is the most important announcement ever printed over the Hoover name.

It has to do with a major triumph in the science of cleaning floor coverings—the perfection of a tested principle in that science.

This principle is called "Positive Agitation." Its application requires revolutionary changes in the design of the electric cleaner as previously known.

These changes now make the familiar Hoover message "It beats, as it sweeps, as it cleans" of greater significance than ever before.

Nearly 2,000,000 modern homes have found The Hoover of standard design the most efficient cleaning instrument yet devised.

But good as it is, the new-design Hoover

far surpasses it, in these and other important particulars:

- 1 For the first time, it makes possible "Positive Agitation" of floor coverings.
- 2 By actual test, in the ordinary cleaning time, it beats out and sweeps up from carpetings an average of 131% more dirt.
- 3 It is an even greater rug-saver; the oftener a carpet is cleaned with a Hoover the longer that carpet will wear.
- 4 It is virtually service-proof, every part, including the new motor, requiring no oiling.
- 5 It increases the efficiency of its remarkable dusting tools because of its 50% stronger suction.
- 6 Its exclusive dust-and-germ-proof bag is now washable.
- 7 Its form and finish are of startling beauty; and every new feature insures greater operating ease.

The new Hoover is now being exhibited at our store. Come see it. Nothing like it has ever been available before. It is still only \$6.25 down, with the balance in easy monthly payments.
